To Whom it May Concern

Pearls of Life Women Foundation, Inc. is a 501 © 3 organization dedicated to the advancement and support of women by guiding them through education, finance, health and psychosocial wellbeing.

The organization was established in January 2018 and has made a significant impact in the lives of women since its inception.

We currently cannot provide a form 990 as we are not yet required to file our tax until next year.

We thank you for giving us an opportunity to partake in Give Miami Day this year!

Humbly Yours,

Louise Marjori Paul
